Fax: 646-219-6229

Giacomo joined Haley Guiliano as a Technical Advisor in 2021 and became a Registered Patent Agent in 2023. He advises on a wide range of engineering subjects, particularly computer technology and software, mechanical and industrial devices, and semiconductor devices and materials. His experience includes working for Marvell semiconductor as a Verification Engineer. There, he created hardware verification environments by using SystemVerilog and Python to test chips with varying stimuli. He also worked with functional coverage and C++ modeling. Giacomo also has experience with RISC-V processors, FPGAs, RTL design, and designing software tools to improve workflow.

Related Practice Areas

- Patent Preparation and Prosecution

Related Industries

- Computer Technology and Software
- Telecommunication
- Mechanical and Industrial Devices
- Semiconductor Devices and Materials
- Consumer Products

Languages

- Italian

Education

- B.S. Electrical & Computer Engineering, 2018, Cornell University
